Education

ETH Zurich <i>Master of Science in Computer Science</i>	<i>Zurich, Switzerland</i> <i>Sept 2024 – Present</i>
◦ Current GPA: 5.67/6.0 (Swiss scale, 6.0 best) ◦ Focus: Theoretical Machine Learning (Statistical Machine Learning Theory, Data Science) ◦ Major: Machine Intelligence, Minor: Theoretical Computer Science	
Johannes Gutenberg University <i>Bachelor of Science in Computer Science</i>	<i>Mainz, Germany</i> <i>Aug 2020 – Jul 2024</i>
◦ GPA: 1.1 (German scale, 1.0 best) ◦ Bachelor Thesis: Exploring the Structure of Attention Layers in Transformers 	
Dalarna University <i>Erasmus+ exchange semester in Data Science</i>	<i>Falun, Sweden</i> <i>Aug 2023 – Jan 2024</i>
Sebastian Münster Gymnasium <i>Abitur (grade: 1.2, German scale, 1.0 best)</i>	<i>Ingelheim, Germany</i> <i>Aug 2011 – Mar 2020</i>

Research Experience

ETH AI Center <i>Research Assistant (ETH AI Center ) under the supervision of Barna Pásztor, Ido Hakimi and Prof. Andreas Krause (LAS Group )</i>	<i>Zurich, Switzerland</i> <i>June 2025 – Present</i>
◦ Developed ActiveUltraFeedback , an RLHF pipeline for preference data generation using active learning ◦ Improved annotation efficiency over UltraFeedback by leveraging Epistemic Neural Networks (ENNs)	

Professional Experience

ETH Zurich <i>Assistant in "Introduction to Machine Learning" – Improvement of Ethel</i>	<i>Zurich, Switzerland</i> <i>Feb 2026 – Present</i>
ETH Zurich <i>Teaching Assistant in "Stochastics and Machine Learning (D-MAVT)"</i>	<i>Zurich, Switzerland</i> <i>Feb 2025 – Aug 2025</i>
Envision Entertainment GmbH <i>Software Development Intern</i>	<i>Ingelheim, Germany</i> <i>Apr 2023 – Aug 2023</i>
◦ Developed a map generation algorithm in C# for the computer game "Pioneers of Pagonia"	
Schott AG <i>Werkstudent (Working Student) in Machine Learning</i>	<i>Mainz, Germany</i> <i>Sep 2022 – Mar 2023</i>
◦ Researched and developed explainable AI methods for time series data	
Johannes Gutenberg University <i>Teaching Assistant in "Introduction to Software Development"</i>	<i>Mainz, Germany</i> <i>Apr 2022 – Oct 2022</i>

Scholarships & Awards

Deutschlandstipendium	<i>Oct 2023 – Sep 2024</i>
◦ Awarded annually to 1–2% of German students for outstanding academic performance	

Publications

ActiveUltraFeedback: Efficient Preference Data Generation using Active Learning <i>Under review at ICML 2026</i>	arXiv
